

**Sixth Bayesian, Fiducial, and Frequentist (BFF6)
Conference on Model Uncertainty
April 28, 2019 – May 1, 2019**

SPEAKER TITLES/ABSTRACT

Philip Dawid
Cambridge University

“Can a Fiducial Phoenix Rise from the Ashes?”

Fiducial inference has a long history, but was not taken seriously by most statisticians until a recent resurgence of interest. Can new life be breathed into its corpse? I will reprise some ancient analyses aiming to discover just how far fiducial logic can be taken before it collapses under its own weight.
